  - d. Where a report is made to the Board, the charge will be 'Bringing the game of Basketball into disrepute'.
  - e. Where there is ANY DOUBT with any WWC checks, a report must be submitted to Victoria Police at that time.
  - f. All breaches of a WWC check audit will be posted on the Notice Board and on the Association Website until the breach has been cleared.

For clarification, where any person who is in charge of children that train or play basketball at venue whereby the competition is Association affiliated, whether a parent or not, and does not have a current WWC check, must not be permitted under any situation be allowed to continue to act in charge.

The exceptions to this are: Police Officers, Teachers (Who must provide appropriate documentation such as their VIT card) and any person under the age of 18.

102. Special Conditions for Under 8 Competitions.
- a. Size 5 Ball
  - b. Lowered rings.
  - c. 5 seconds in the keyway.
  - d. Modified foul shots shall be taken at the discretion of the referees.
  - e. Modified travel/violation rule to be applied as per U8's guideline document at the referees discretion.
103. Special Conditions for Under 10 – Under 12 Competitions.
- a. Size 5 Ball.
  - b. 5 second in the keyway.
  - c. Foul shots shall be taken from the junior foul line.

104. The PDBA has adopted the philosophy that zone defense should not be played from Under 8 to Under 14 level. If a team is playing zone defense there will be firstly a verbal warning to the coach, and subsequently a technical foul will be called on the bench if the team is intentionally zoning as determined by the referee supervisors and competition management.

- a. Definition of a zone: Any team defence played inside the three-point line which does not incorporate normal man to man defensive principles will be considered a zone
  - i. For the purpose of this by-law, the PDBA are only referencing zone defences played inside the three-point line.
- b. The intention of this by-law is to teach all players good man-on-man defensive principles and to prevent any defensive tactics which position players in specific areas of the court to provide an advantage to the defensive team.
- c. If a team has four (4) or less players on the court, they are exempt from by-law 104.

105. The Mercy rule can be applied in all U8 – U12 competitions outside of the grading period once a team is leading by 20 or more points.

- a. The mercy rule is to be implemented at the discretion of the losing team coach and is to be enforced when the team is behind by 20 points or more.
- b. If the Mercy rule is implemented, the winning team must defend from behind the netball third line closest to their defensive basket (between three-point line and half-court line), but still focus on playing man-to-man defence
- c. When the margin goes below 20 points, the winning team may revert back to playing whatever style of defence they would like, but only until the margin exceeds 20 points again.
- d. Referees will use their discretion when enforcing the mercy rule during live play. For example, a defensive player may accidentally pick up their player full court when they're not supposed to, but the offensive team is advantaged by this, so the referee allows the game to continue. If the defensive player were to steal the ball or cause a disadvantage in this scenario, the referee would enforce the mercy rule and send the defensive player back, awarding the inbound to the offensive team.

106. The PDBA reserves the right to refuse a junior player permission to play more than one (1) age group higher than their natural age group, for safety reasons.

### **SIN BIN and TECHNICAL FOULS**

107. The Sin Bin is the removal of a player from the court for 5 minutes for poor behaviour. The 5 minutes must consist of playing time.
- a. Timeouts and interruptions of the game are not counted with the 5 minutes.
  - b. The 5 minutes shall begin from the resumption of the game following the removal of the player from the court and administration of any additional penalties (free throws or a throw in)
  - c. The player undertaking the Sin Bin penalty may be replaced by a substitute.
108. Any obvious form of dissent, such as disputing calls, critical comments towards Referees or their calls, bad language by a player or coach shall be penalised with a Technical Fouls.
109. All Behaviour Technical Fouls and unsportsmanlike fouls assessed to a player will incur the Sin Bin penalty.
110. If a referee is being harassed by a player or coach (or Team Official IE: Manger/Score bench), the referee will IMMEDIATELY penalise the offending team with a technical foul.
- a. A second similar offence results in the player/coach (or Team Official) being disqualified from the game.
111. When a spectator/supporter uses abusive language, consistently voices his/her opinions against calls, or harasses a referee the spectator's team is penalised with a bench technical foul and the spectator will be required to leave the court surrounds for the duration of the game.
112. Should further incidents occur from a previously penalised team or its supporters, then the game shall be forfeited with a result of 20 – 0 being recorded against the offending team.

### **BEHAVIOURAL TECHNICAL FOULS**

113. Coaches, assistant coaches, bench staff and players who receive 3 or more behavioural technical fouls during a 2-season span, will have the following penalty applied.
- 3 Behavioural Tech Fouls: Automatic 1 Week Suspension
  - 4 Behavioural Tech Fouls: Automatic 2 Week Suspension
  - 5 Behavioural Tech Fouls: Automatic 4 Week Suspension
  - 6 Behavioural Tech Fouls: Automatic 6 Week Suspension

When a Technical foul is called, a distinction needs to be made between a Behavioural Technical foul (involving dissent, overt gestures, bad language/abuse directed at a referee, disputing calls etc) and a 'rule based' Technical foul (hanging on the ring, delay of game, reaching over the sideline etc. At the next break in play (timeout/half time) the crew chief on the game will check with the score bench to ensure that the tech foul has been added correctly

- a. The 2-season span will begin at the commencement of each Winter season and end at the completion of each Summer season.
  - b. For the purpose of this by-law, 'week' suspension refers to competition weeks (IE. Rounds).
114. These behavioural technical fouls are to be noted to the association and competition management by the referee, referee coach or supervisor following the game.

115. Individuals who play in PDBA competitions while under suspension will have the following penalties applied to PDBA Competitions:

An appeal must be sent via email within 24 hours of the penalty notice being sent to the individual/team and must be accompanied by a \$50 payment. The request for review will be completed and the outcome of the review sent to the lodging party within three (3) business days of the appeal being lodged.

### **MIXED Senior Competition**

118. Teams cannot have more than three (3) players of the same gender on the court at the same time. Games may start with four (4) players, as long as no more than three (3) players are of the same gender.
119. A male player cannot be subbed on for a female unless there are two (2) remaining females on the court.
120. The game will be called a forfeit if either team is unable to comply and have at least (1) of each sex on the court. The offending team loses the game regardless of points scored.
121. If prior to the commencement of the game, a team cannot field the required players, normal late start penalties shall be applied at the discretion of the opposition team.
122. Males are at no stage allowed in the key during the first half of the game. This includes on the line. In the second half, this rule is reversed and females at no stage are allowed in the key. This includes on the line.
123. If by accident, a player enters the restricted (key) area when not permitted, this is a violation.
124. If by accident, a player (defence) enters the restricted (key) area when not permitted, while the offense is shooting, the points shall automatically count.
125. If a player deliberately enters the restricted (key) area when not permitted, during the play or while offense is about to shoot the ball, a warning may be given for the first offence, or a technical foul will be called.

## **VJBL Domestic Player Governance**

### INTRODUCTION

The following guidelines have been drafted to assist in the task of making the Junior Domestic Competition, (whereby 'junior' is as defined by the By-Laws) at Pakenham both fair and competitive for all players, coaches, teams, and supporters. The primary aim of the Domestic Competition is for fun and exercise for all concerned. Representative players are strongly encouraged to play in the Associations domestic competition. Therefore, it is essential that no one team should dominate in any grade as a result of being "stacked" with representative players.

What follows is a set of guidelines that all Clubs/Teams are required to follow. However, it must be understood that the intent is to prevent any one team from dominating in any grade, and the final decision on placement of a team (irrespective of the documented point allocation) will rest with Competition Management.

### **All Clubs and/or Teams are required to adhere to these rules.**

126. The VJBL season is deemed to be 1st November through 31st October, inclusive of any seasonal breaks, or alternatively, as outlined by VJBL.
127. A player's VJBL "status" is determined by the VJBL level at which the players current, or most recent, VJBL team participate in. (IE: VC, VJL1, VJL2, VJL3, VJL4, etc)
128. A player's VJBL "status" at the start of a domestic season remains in place until the end of that domestic season, including finals.
129. Player point allocation is as follows and will be allocated according to By-Laws 118, 119 and 120 at the commencement of each Winter domestic competition.
130. **Boys' points will be as below and may not exceed a total of points value of twelve (12)**
  - a. **VC/VCR 4 Points**
  - b. **VJL1 3 Points**
  - c. **VJL2 3 Points**
  - d. **VJL3 2 Points**
  - e. **VJL4 2 Points**
  - f. **VJL5 or Below 1 Point**
131. **Girls' points will be as below and may not exceed a total points value of nine (9)**
  - a. **VC/VCR 3 Points**
  - b. **VJL1 2 Points**
  - c. **VJL2 2 Points**
  - d. **VJL3 2 Points**
  - e. **VJL4 2 Points**
  - f. **VJL5 or Below 1 Point**
132. VJBL players playing up an age group from their representative age group will have their point allocation halved.

- 133. In the U18/21 Girls Competition, players who have aged out of U18's VJBL and are playing Big V representative basketball will be counted as three (3) rep points.
- 134. Players that do not participate in VJBL competition but do play representative basketball in Junior Country Champs will be allocated one (1) rep point.
- 135. Any domestic team failing to comply with these rules will be deemed to be in breach of By-Law 50.
- 136. The final decision on grading of a junior team is at the discretion of the Competition Management in conjunction with the PDBA.

#### **TEAMS**

- 137. Teams whereby more than 12 points (Boys team) or 9 points (Girls team) or are allocated to registered players in that team, will be required to split the team or play them up an age group so their points are halved.
- 138. Exemption to player points ruling - A HOME-GROWN TEAM is a team that can demonstrate that the playing group has been playing together prior to players joining representative basketball.
- 139. Penalties: Refer to By-Law 55.

#### **CLUB/TEAM RESPONSIBILITIES**

- 127. Clubs (or Teams that are not part of a Club) are required to comply with the following:
  - i. Notify competition management of any players participating in VJBL including the VJBL Association and Victorian Junior League in which they participate prior to the beginning of the domestic season.
  - ii. If a team wishes to add a VJBL player after the team entry is submitted, they must gain permission from the Association prior to that player participating. Failure to do so will incur a loss of premiership points. In adding a VJBL player, the team must still remain within the 12-point limit.

**ASSOCIATION RESPONSIBILITIES: The Association will**

- 128. Review all entries, giving consideration to team/player points, and representations from Clubs/Teams. This may include performing cross-checks with VJBL player lists. Based on any review the Association will assign teams to an appropriate grade.
- 129. Review team gradings from time-to-time, giving consideration to team representations, team performance within their current grade and competition balance within each grade.
- 130. The guiding principle is that no team should consistently dominate or be dominated in any grade. The Association reserves the right to re-grade teams in the interest of fair competition.

**UNIFORM RULE**

**COMPRESSION GEAR & UNDERGARMENTS**

FIBA allow players to wear compression gear.

Any compression item must be black, white or the same dominant color of playing singlet. If there is a logo or branding on the item, it must not be visible outside of the uniform or to be the same color as the item. Eg, black on black. The color choice will be decided by the player's team to ensure that teams have uniformity if more than one player in a team is wearing compression gear. This means that if one player is wearing black compression gear, any other player in the team must also wear black in any compression gear worn.

It is encouraged that the referee consults with the opposing team if a request has been made by one team.	<p>The Mercy rule can be applied in all U8 – U12 competitions outside of the grading period once a team is leading by 20 or more points.</p> <p>a. The mercy rule is to be implemented at the discretion of the losing team coach and is to be enforced when the team is behind by 20 points or more.</p> <p>b. If the Mercy rule is implemented, the winning team must defend from behind the netball third line closest to their defensive basket (between three-point line and half-court line), but still focus on playing man-to-man defence</p> <p>c. When the margin goes below 20 points, the winning team may revert back to playing whatever style of defence they would like, but only until the margin exceeds 20 points again.</p> <p>d. Referees will use their discretion when enforcing the mercy rule during live play. For example, a defensive player may accidentally pick up their player full court when they're not supposed to, but the offensive team gets by them and/or is advantaged by this, so the referee allows the game to continue. If the defensive player were to steal the ball or cause a disadvantage in this scenario, the referee would enforce the mercy rule and send the defensive player back, awarding the inbound to the offensive team.</p>	Re-introduce mercy rule	6/2/2026	Winter 2026
